BUY WAR SAVINGS STAMPS

THE GOVERNMENT HAS SAID THAT HOLIDAY BUSINESS

must be conducted so as to avoid the usual December congestion. The Government has taken official cognizance of the situation and would have holiday business this year strictly in accordance with official requirements.

The Government desires that Christmas gifts be more along the line of "practical" goods than usual. The children are to have their play things as usual. But in the gifts for older people the Government desires that the useful be substituted for the purely ornamental.

The Government desires people to buy wisely and to give gifts that cannot in any way be construed as representing a waste of money.

We are trying to live up to Uncle Sam's request and ask your co-operation.

Letters From France

From Private John W. Cyrus to his mother.

I will take the greatest pleasure in writing you a few lines. I know you all think hard of me for not writing before now, but, dear mother, I just don't have time. It's not because I don't want to write, for I'm always thinking of you.

This leaves me well, but I have been in the hospital; am back with my company now and am feeling fine and have a fine place to stay and plenty to eat and good clothes to wear.

This is a beautiful country. We have had several heavy frosts here.

I hope papa is getting on a k with his crop; hope he made a good crop of corn and brot it home. I hope you and mother give sister and little brot my love and tell sister to write to me.

I hope I'll be home again some day.

Well, I will close for this time. Love of love to all the family.

Your son,
Pvt. JOHN CYRUS.
Co. M, 131st Inf.

Letters From France

From Private R. C. Wright to his mother.

I will write you a few lines. I am well and feeling fine; hope this will find you the same.

Tommie wrote me about Aunt Blanche and it sure did hurt me for she had died and I had written her she said she was better.

Well, Uncle, from the way the war news sounds now I don't think it will be long before I can come back home. Do hope they've got the "dope" straight. There are lots of things I'd like to write you, but I'd rather wait and tell you.

You write to me and let me hear from all. Will close now. Give my love to all.

Pvt. R. C. WRIGHT.

Letters From France

From Sgt. John W. D. Carter to his sister.

Your dear letter of May just received, and more words can't tell just how glad I was to hear from home and you.

Hope these few lines will find all at home well and getting along nicely. I am in the good of health, and so are all the boys.

Rena, I am glad you are getting on so nicely at school. You say you will study French next year; am glad to hear that. I've learned to spell only a little French, just enough to get by with.

Answer real soon. Love to papa, mama and all at home.

Your brother,
Sgt. J. W. D. CARTER.
